

Ponsanooth Methodist Church

Methodist Christians have been gathering for worship in Ponsanooth since before 1788. For the last 176 years they have met in the Chapel building that stands watching over the village from its site on Chapel Hill. It has seen much change in the village and within its own walls. Times of spiritual growth and revival led to its building in the first place and for many people it has been spiritual home where they have met with God in wonderful ways. Sadly many no longer see worship as a priority in their lives. For those who do, the building has become more of a burden because of its size and II*listing. After prayer and much consideration a decision has been made that the church will no longer meet in this building but relocate to the Ponsanooth Hall.

So on Sunday 8th of September at 10.45am at the chapel we will hold a service of thanksgiving for all that has happened within these walls, the lives that have been transformed through meeting God here and the way those people have gone out to share the love of God in service to their community.

We invite you to join us, to share your memories of this place with thankfulness, and to look with confidence to the God who is still able to do amazing things.

We invite you to join us again on Sunday 15th September at 10.45am in our new home at the Ponsanooth Hall Cafe, to explore the transformation that Jesus brings to life. Each one of us is unique, loved by God and has a vital contribution to offer. The worship style will be informal and will be followed by a bring & share buffet lunch where all are welcome.

Come and find a welcome in the family of God.
